

The best quality backup storage for Pro-photographers

NEXTO MEDIA STORAGE *ND2901*

Components

	<p>Power Adapter (5V / 2A)</p> <p>Plug the power adapter into ND2901 ("5V" dc-in). Charge time will take about 5 hours for the internal battery. It takes about 7 hours to charge both internal and external battery (sold separately) when the ND2901 is not in use. Note: When you attach an external USB device (USB drive or memory card reader) to the ND2901, the AC Power Adapter should be plugged into the ND2901.</p>
	<p>Leather carrying case</p> <p>The carrying case for the ND2901 protects the surface from scratches and allows an external battery (sold separately) to be attached.</p>
	<p>USB 3.0 cable</p> <p>To connect ND2901 to your computer, connect the USB 3.0 cable into ND2901 (marked "COMPUTER") at the bottom. To connect a USB drive to ND2901, connect the USB 3.0 cable into ND2901 (marked "USB HOST").</p>
	<p>DIY HDD assembling kit</p> <p>By factory default, the back aluminum HDD cover provided without fixing. Connect your 2.5" SATA Hard Drive to the SATA connector on the Hard Drive bay and cover it up with the aluminum casing cover. Then fix it into place by inserting 4 of the included screws into hole with the included Screw Driver.</p>

Sold separately

	<p>External battery</p> <p>Connect the external battery to ND2901 (marked "BAT") to extend the operation time to about 90 minutes. Use the internal and external battery together and increase the operation time up to 3 hours. To charge the external battery, connect the external battery to "BAT" on the ND2901 and charge it with AC Power Adapter (or a USB cable). It takes about 7 hours to charge both internal and external battery (sold separately) when the ND2901 is not in use.</p> <p>Connect this external battery to [BAT] connector to use SSD as an internal storage.</p>
	<p>5V Car charger</p> <p>Plug car charger into the ND2901 (marked "5V") to charge internal and external battery. It will take about 5 hours to charge the internal battery or about 7 hours to charge both internal and external battery (sold separately) when the ND2901 is not in use.</p>
